Care Team members usually serve in a one to one setting, consequently, we desire for them to reflect Christ more fully as they serve and care for people and not be overly encumbered by life's challenges. Consequently, if a team member is going through a difficult time, we want them to be free of caring team responsibilities so that they can participate fully in Worship, Learning Center, and Community Group activities until they are ready to return to serving on a Care Team.

Have you recently had any difficult, challenging, or stressful events in your life within your family, the church, or community?

If so, please explain: _____
